3. Commissioner Wiggins asks for comments from the evaluation of the DSS Facility. Commissioner Orr stated that we needed to provide cabinets for storage into the areas that a need was present and after installation relook and go from there. Commissioner Orr stated that the ability to pass in the halls is limited and this needs immediate attention. Commissioner Orr stated that we needed a chalkboard in the area where children are meeting with their families, a 4x8 sheet. Commissioner Wiggins stated that we could consider installing the coated finish for chalkboard on the walls and the kids can use chalkboard paints that wash off and this would keep us from putting holes in the walls. Commissioner Wiggins recommended Adam Phillips as possibility. Commissioner Orr stated that we can check with others as well. Manager Garland stated that Melissa Blevins had contacted her about the boxes in the floors and felt that this is a fall hazard and with the Department of Labor coming to the county we needed to address this.
4. Commissioner Williams stated that a water dispenser needed to be put in the front lobby of DSS due to the kids running in and out of the door that has be buzzed in and out by the receptionist. Clerk Crisp stated that we have an extra one through our water supply company. Commissioner Wiggins stated that we need to get one with the bottles so that we do not have to drill in the walls to get the water lines. Manager Garland will look into this.
